## MOLES

## CALCULATE IT

Calculate the mass of one mole of each chemical compound. Use the periodic table of elements for research, and remember to show your work!

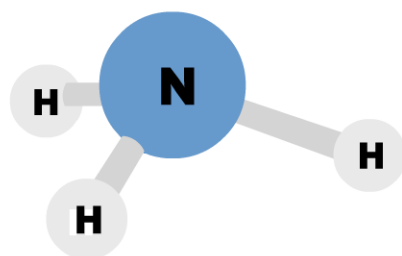

OZONE

Chemical formula: .....

Atomic mass: .....

Mass of one mole of ozone: .....

AMMONIA

Chemical formula: .....

Atomic mass: .....

Mass of one mole of ammonia: .....

HYDROCHLORIC ACID

Chemical formula: .....

Atomic mass: .....

Mass of one mole of hydrochloric acid: .....
