

Upper Middle Level Health  
STD Project

**Topic:** STD's. Each group will research one of the following STDs listed below. You will use the first couple of days with your group to gather research about your particular STD using Ipads. All group members are required to take notes on the information found. These notes will be turned in and counted toward your final project grade.

On Thursday, May 17th, your group will give a 5-10 minute presentation to the class about the information you have found. Your presentation may be in ANY form but PICTURES NEED to be approved by me. Some examples include: a powerpoint (MUST bring your own laptop), Brochure, Poster, Video, Skit, etc.

Chlamydia	Genital Herpes
Gonorrhea	Human Papillomavirus (HPV) (Genital Warts)
Syphilis	HIV/AIDS
Pubic Lice	Cytomegalovirus (CMV)
Scabies	Trichomoniasis
<u>Hepatitis B &amp; C</u>	

**Required information:** The following information must be included in your brochure.

- Definition of the STD
- Which virus or bacteria causes the STD
- How common is the STD
- How is the STD contracted/spread (how might one get the STD?)
- Signs and symptoms of the STD (DO NOT use pictures to show symptoms)
- Complications of the STD on the body
- Treatment for the STD
- Prevention
- Any other information you feel is important.

**Resources:** Make sure you are keeping track of where you get all of your information. It is a requirement to list your sources in any presentation. At least three (3) different sources REQUIRED.
